of the Dormition Abbey 2021**

## *Dear friends of our convent*

“Let us go to Bethlehem!”, exclaimed the shepherds when an angel announced to them the birth of Jesus. Like them, we too will go to Bethlehem this year, praying and singing with joy on Holy Night.

In a year that has been marked by the coronavirus, we would be delighted if you join us (again) in prayer on our way. Not only will we gladly carry you in our hearts to the birthplace of our Saviour, we will also write your name on a scroll that will be placed in the Church of the Nativity along with all your prayers and wishes.

From our hearts and in the joy of the Incarnation of our Lord, we wish you a merry and blessed Christmas!

*Abbot Bernhard Maria and all the Benedictine monks  
of Dormition Abbey and Tabgha Priory*

“ When I held the scroll in my hands with the fate of so many people, my own fate became so easy to carry.”

## *I carry your name...*

We are all registered in God's heavenly scroll. He calls everyone by name. When we write your name on a large scroll on Christmas Eve, we give expression to this biblical faith. Your name stands for who you are, and so we carry you on Holy Night to the birthplace of Jesus - the place that stands for the hope of salvation and peace.

The newborn child in the manger still has many brothers and sisters in Bethlehem today. The economic consequences of the coronavirus are visible everywhere in Bethlehem, and they particularly affect the children in Bethlehem who are challenged by mental or physical disabilities; they are all the more dependent on our donations this year.

For this reason, we are once again combining our “christmas campaign” with a call for donations. The donations, on one hand, benefit our community in its various services. But above all, we support social projects and institutions in Bethlehem. On our website, you can find more information e.g. about our partner organisations. In advance we would like to express our deep gratitude for your donation, which creates hope in difficult times.
